SLEEPING IN BLANKET

President Spends Night Amid Big Trees.

Mountain Climbs and Forest Fire Add Interest to Executive's Trip—Plot Alleged at Oakland.

Awahnes, Cal., May 15.—President Roosevelt and party arrived here at 11:15 this morning in stages, completing the first half of their journey to the big tree forest. At Grub Gulch the president was presented with flowers by a number of little girls. He alighted from the stage and shook hands with his small admirers and spoke a few words of greeting to the grown up folks assembled there.
Wawona, Cal., May 15.—After luncheon at Awahnes the president began to ascend the mountains. He arrived at the entrance of the Mariposa big tree grove at 4 o'clock. The president rode through the park on horseback.
Oakland, Cal., May 15.—The extreme diligence exercised by the police department in guarding President Roosevelt during his visit in Oakland is now explained by the fact, not heretofore known to the public, of information received by authorities of a plot, which, carried out to kill the emperor of Austria before St. Stephen's church, Vienna, May 12, 1887, had agreed to meet at Garard's house to discuss killing of the president. The writer added: "I heard Garard was in correspondence with Czolgosz at Los Angeles." Police decline to discuss the matter.
The president is to night camping in the big tree country and will remain secluded until Monday. A small forest fire was raging close to the trail followed by the president's party, causing a heavy pull of smoke to obscure the road. The trail runs along the steep side of a mountain. The driver never faltered. He lashed the horses and the president was soon out of the fire zone. After a brisk ride the president and guides reached camp and will spend the night in the open air wrapped in blankets. The members of his party will spend the night here and to morrow will go to Glacier Point.

FAILED TO FURNISH POSITION.
Oakland, May 15.—Complaints against the management of the American Literary and Musical association resulted today in the arrest of P. A. McGillic, proprietor, and C. E. Phillips, manager, on charge of fraudulent use of the mails. The complaint received by the postal authorities charged a deposit of \$15 was asked on the promise of a position at \$300 a year. The concern failed to carry out the agreement.

MISTAKE CAUSED COLLISION.
St. Louis, May 15.—By a mistake made in receiving orders a head-on collision occurred on the Missouri Pacific railroad twenty miles south of here today between a passenger train of General Manager Russell Harding and a freight. As far as known no one was injured except a negro porter.

ANOTHER SUCCESSFUL TRIP.
Paris, May 15.—The Lebaudy trip made another ascension to day, circling Montee, Rouney and Moisson. In a series of evolutions over Chateau de Rosny the ship ascended her rudder steadily. She ascended slightly over seven and a half miles in twenty-five minutes. Part of the course was against a brisk wind.

CAR AND BEER WAGON COLLIDE.
Chicago, May 15.—Four men were seriously injured, one probably fatally, and twenty others slightly hurt early today when a Halsted street electric car collided with a beer wagon.

A NEW PRETENDER.
Mellita, May 15.—Rebel chiefs have chosen a new pretender named Hubel Kuder. He is of a good family.

NEWS OF THE STRIKE

Situation at Several Places Improved—Harvester Employees Return to Work.

Denver, May 15.—It is likely many more unions will be called out on strike today owing to rejection of the labor committee's proposition by the Citizens' alliance yesterday. Already over 3,000 men are on strike. The situation between the contending factions is at a deadlock. President Crafts announces the Citizens' alliance will not accede to the union's demand and President Opates is equally sure the labor committee will not arbitrate with the alliance.

To day Federal Judge Hallett refused to grant an injunction prayed for by transfer and van owners against the teamsters' organization to restrain strikers from interfering with the companies until the hearing which will come up Wednesday next.

The joint executive committee of organized labor owing to the refusal of the Citizens' alliance to agree to arbitration between employers and employees directly interested called out 1,000 brewery workers, retail clerks, garment workers and horsehoes during the morning, increasing the number of strikers in the city to more than 4,000. So far no serious disturbance has occurred.

At the request of the mayor the general executive committee of labor organizations this afternoon met the state board of arbitration. A proposition was made to submit differences between strikers and employers to the board. The committee took the matter under advisement.

THE MASSACRE OF JEWS

Details Received of Hideous Cruelties.

Story of Head Physician of a Hospital at Kisheneff—Another Tale of Former—Toledo, Ohio, Man.

Kisheneff, Bessarabia, May 15.—Dr. Doroschewski, head physician of the National hospital, after examining the dead and wounded has given the following specific instances of hideous cruelty:

"A Jewish manura Furafrach was brought here with two nails seven inches long driven into the brain through the nose. One Jew was brought in with one, both ankles and wrists broken and severed hands and feet dangling by the skin. One man had lost upper and under lip, which had been cut away with a kitchen knife, after which his tongue and windpipe had been pulled out through his mouth with pinchers. The ears of a Jew named Soier had been cut away and his head battered in twelve places. He is a raving maniac. A carpenter was surprised at work with both hands sawed off with his own saw. A Jewish girl was assaulted by several brutes, who then cut her eyes out with a pocket knife. A woman after trying to defend her children was thrown upon the pavement and disemboweled and feathers and horse hair from her bed stuffed into her body. Small children were flung out of windows and trampled upon by the mob. Forty-seven were killed on the spot, eighty died of their injuries and 300 are under treatment of arbitration. A proposition was made to submit differences between strikers and employers to the board. The committee took the matter under advisement.

LIVES LOST IN A FIRE

Blaze in Apartment Building at Chicago Results in Two Deaths and One Missing.

Chicago, May 15.—Two lives were lost in a fire that destroyed the West Chester apartment building, 5017 Cottage Grove avenue, early today. One man is missing, supposed to have perished, while two persons were probably fatally and others seriously injured by jumping from windows. The dead:

Louisa Phares, aged 10.
Harry Strick, aged 10.
The fire started beneath a grocery store on the ground floor and spread rapidly through air shafts until the entire building was ablaze. Twenty-seven families lived in apartments. Many persons narrowly escaped injury in the panic which followed the alarm of fire. Loss, \$50,000.

RAILROAD CONDUCTORS.
Pittsburg, May 15.—Indications are the railroad conductors will take no action on the proposition to erect a union for the permanently disabled members, as the general opinion is they can be more satisfactorily cared for by means of the relief fund. Election of officers will probably come up Monday. The present officers will be re-elected and salaries increased. It is almost certain Clark will accept the position of grand chief conductor again, which means he will not accept the position of assistant secretary. The officers will be re-elected and salaries increased. It is almost certain Clark will accept the position of grand chief conductor again, which means he will not accept the position of assistant secretary.

FOUND DEAD IN BED.
Kansas City, May 15.—George Kettler, who twenty years ago is said to have had the contract for manufacturing boots for the German army, and who as Baron von Kettler owned \$500,000 in Hanover, was found dead in bed today in his little shop in Argentine, Kan. Kettler's death is supposed to have been caused by a blow on the head administered by an unknown assailant a month ago. Kettler came to Argentine six years ago after having lost his fortune.

CHURCH DYNAMITED.
Chicago, May 15.—The interior of a negro church at Evanston was demolished and the front blown out by dynamite to night. Two motives are assigned. One is certain colored people are incensed at Pastor Daniels' sermon denouncing this is the white man's country and the negro must pay up his mind to it. The other is the pastor's opposition to policy. A week ago the institutional church in this city was wrecked by dynamite and the pastor had preached against policy. Daniels approved of Ransom's stand.

SWORE OUT A WARRANT.
Cincinnati, May 15.—To night the widow of John B. Flecken, who died from the effects of drinking poisoned whisky sent her son to the police to get a warrant charging Mrs. McCormick with murder.

MEMPHIS, May 15.—Police intimate the disclosure regarding the poisoned whisky affair may result in the arrest of persons named in the article. The latter have decided to fight against being taken to Cincinnati at trial.

RACE HORSE DIES FROM "DOPE".
New York, May 15.—The race horse Dr. Ruffin, who was sold to an excessive dose of "dope," was killed by a "killing" in a race today, but was so heavily drugged he had to be taken out immediately after starting. He died in his stable two hours later.

WALKING DELEGATES DENOUNCED.
New York, May 15.—The first steps toward effecting general organization of employees in the building trades for the purpose of united resistance to demands of labor unions were taken to night. At its conclusion an address was issued reciting present conditions and setting forth necessity for repressive measures. The address especially denounces walking delegates.

MAY HAVE BEEN SUICIDE.
Burlington, Iowa, May 15.—It is believed now the explosion in the postoffice at Potosi, Iowa, yesterday, which killed Postmaster Hedges, was caused by Hedges with suicidal intent while mentally depressed over ill health.

Curious Death Custom in Fiji.
The Fijians believe that in case a marriageable youth or maiden dies without having gone through with the betrothal, a whole tribe is placed in the hands of the corpse, the missile to be thrown at the tree which stands as a guidepost to point out the road that leads to heaven and the one that leads to hell.

His Social Repetitions.
"You say his wife had him arrested for repeating? I don't know what look you are interested in political elections?" "In political elections?" "Yes, didn't you say she accused him of repeating?" "Yes, Bignamy."—Catholic Standard and Times.

More to the Point.
The Parson—I intend to pray that you may forgive Casey for having taken the bribe.
The Patient—Mebbe yer riven'ed 'ud be saving time if ye'd just wait till 'Ol gitt well an' then pray for Casey.—Brooklyn Life.

Leading Lady (of defunct opera company)—I wonder if we'll ever be able to fly.

THE SUPREME JUDGESHIP
Another bright and burning light is thrown on conditions in the northern end of the fourth supreme court district by the following editorial from the Moline Dispatch:

"The friends of Mr. Scott, the Democratic candidate for judge of the supreme court, are circulating the report in the southern counties of the district that Mr. Scott is not only a man of high character, but also a man of high ability."

"The voters of these counties should be reminded by any such reports. The friends of Mr. Scott and Mr. Scott himself, did their best six years ago to defeat Judge Gest. They went into every county in this district, urging Republicans to elect Judge Gest and to vote for Mr. Scott."

"There will be no cutting of Judge Carter in this county. Mr. Scott will be some cutting. Mr. Scott by Democrats. Mr. Scott has taken an active part in the factional fights of the Democratic party, and there are a great many Democrats who will not only vote for Mr. Scott, but will put in some time working against him. There will be no method of knowing how many Democrats vote for Judge Carter, as there is no Democratic circuit judge in this district."

LOWER COST OF LIVING
Every man's income is measured by that which it will buy. The price of commodities has a direct relation to the comfort of the entire community, and the rate of wages is most directly related by the price of what enters into the cost of living than by the number of dollars a man may receive for a given period of labor."

Mr. Joseph Pomerville, of Stillwater, Minn., after having spent over \$2,000 for the best of doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man to day. If trouble with indigestion, flatulence, in the mouth, lack of appetite or constipation, give these tablets a trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box by all druggists.

READ THIS
Jacksonville, Fla., Sept. 25, 1922.—Nearly three years ago, with a second attack of serious illness, I was surprised to learn that a bottle of Dr. E. W. Hall's Specific for Kidney and Bladder Troubles, known as a TEXAS WONDER, had cured me. I had been told that it was a medicine of very great value. For sale by L. B. Kent, Evangelist, City drug store.

Full Benefit.
There have been many cases like the following in Jacksonville. Everyone who reads the experience of people we know, these plain straightforward statements will do much toward relieving the suffering of thousands. Such testimony will be read with interest by many people. George Carter, of 212 North Caldwell street, says: "I can say with pleasure that I have been cured of my kidney and bladder troubles by the use of Dr. E. W. Hall's Specific. I had been suffering from these troubles for many years, and had tried many other remedies, but nothing had helped me. I saw Dr. E. W. Hall's advertisement in the paper, and I decided to try it. I used it as directed, and in a few days I felt better. In a few more days I was completely cured. I am now well and happy. I am a great believer in the value of Dr. E. W. Hall's Specific. For sale by L. B. Kent, Evangelist, City drug store."

MR. RIDER HONORED
Many persons in this city will remember with pleasure Arthur W. Rider, who resided at one time in the Chamberlain building. The young gentleman has risen to prominence in the Baptist ministry and is pastor of a flourishing church in Oakland, Calif. A dispatch to the San Francisco Chronicle reads: "Rev. Arthur W. Rider, of this city, left to day for Buffalo, where he will represent the churches of this coast at the approaching anniversary of the Baptist church. Mr. Rider is a well-known and prominent member of the Baptist ministry. He is a native of this city, and has been a member of the Baptist church since his childhood. He is a man of high character and high ability, and is a great blessing to the church and to the community. For sale by L. B. Kent, Evangelist, City drug store."

TOO GREAT A RISK
In almost every neighborhood some one has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain, and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

A WELCOME EXHIBITION.
The announcement that Hough & Howard's united shows are soon to be held in this city has led to numerous inquiries about the details. As is the custom of the Hough & Howard shows, their entire outfit will be brought to this city for exhibition. All of the numerous features will be seen in the street parade and the many new acts and animals added this season will all appear in the daily program given by these animal celebrities. Everything pertaining to Hough & Howard shows are as usual first class. The tents are waterproofed, the seats are the best, the most polite attendants and all the accessories of a first class show are given with this attraction. They will exhibit in this city four performances; afternoon and night, Monday and Tuesday, May 18 and 19, on South Church street lot.

Johnnie Smoker, smoked a smoke and it was called "Old Smoker."
C. P. & ST. L. CHANGES.
The new arrangements at the J. & St. L. station whereby the C. P. & St. L. trains depart from that depot will make necessary the re-novation of the middle track of the C. P. & St. L. yards with the passenger track of the J. & St. L. The track formerly used as the passenger track of the C. P. & St. L. will be used for freight, truck and way cars will be left on this track near the depot. A part of the old depot platform will be torn away, so that transfer wagons can have easy access in the handling of freight. This convenience will be appreciated by transfer men, as the way cars have heretofore been left on the track next to the street car line right of way, which has ever been an inconvenience.

WOMAN'S DUTIES.
A woman who keeps her house in order and has the care of her family has just as much responsibility as the man who provides the means to carry on the housekeeping. She is deserving of the more credit since the demands of her strength is greater. She is called upon to do her duties and the confinement necessary to carry them out is very trying to the nervous system, this produces a strain on the mind that makes her irritable, cross, and dissatisfied, which in turn produces a disease as rheumatism or catarrh. If the nerves can be built up and made strong by medicine of some kind, this feeling is changed to one of cheerfulness and pleasure in her duties. The medicine that makes strong, steady nerves and prevents disease by building up the entire system, is Dr. Gunn's Blood and Nerve Tonic, a tablet to take at meal times. It cures nervous prostration by making rich red blood, feeds the nerves, and makes solid flesh at the rate of 1 to 3 lbs. per week. This medicine is sold by druggists for 75 cents per box, or 3 boxes for \$2.00, or sent by mail, post paid, on receipt of price. Write us about your case. Address: Dr. Gunn, Philadelphia, Pa. For sale by Lee P. Alcott.

The people of Hammett Place church are to be congratulated on securing such a desirable pastor as Dr. Moore.

THE X-RAYS.
Recent experiments by practical tests and examination with the aid of the X-rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach strong. Sold by Lee P. Alcott and Kuechler's drug store.
